

ANSH MAHESHWARI

B.Tech Computer Science & Engineering | Invertis University

6397528250 | maheshwariansh478@gmail.com | github.com/HackWithAnsh | linkedin.com/in/hackwithansh

PROFESSIONAL SUMMARY

B.Tech Computer Science & Engineering student interested in software development and problem solving. Building hands-on skills in Java, Data Structures & Algorithms, web development and MySQL through practical projects. Experienced with Git, GitHub and GitHub Pages, while also learning video editing. Preparing for CDS alongside academics with a structured and disciplined learning routine.

EDUCATION

B.Tech — Computer Science & Engineering | Invertis University | Expected 2029 | **CGPA: 7.2/10**

Class XII | Bhoo Devi Varshney Inter College | 2024 | **73.5%**

Class X | Bhoo Devi Varshney Inter College | 2022 | **85.33%**

TECHNICAL SKILLS

Programming: Java, JavaScript | **Web:** HTML, CSS, JavaScript | **Database:** MySQL

Core: Data Structures & Algorithms, OOP, Problem Solving | **Tools:** Git, GitHub, VS Code, GitHub Pages

Creative: Video Editing — Currently Learning

PROJECTS

ESS — Emergency Safety System

IoT-Based Women Safety System

- Explored an ESP32-based wearable safety system for emergency communication and alerts.
- Designed a concept involving location sharing with trusted contacts and emergency activation.
- Explored Bluetooth/Wi-Fi connectivity for a wearable emergency safety solution.

Technologies/Concepts: ESP32, IoT, Bluetooth/Wi-Fi, Emergency Alert System

CodeAlpha Web Development Projects

- Developed practical web projects using HTML, CSS and JavaScript based on project requirements.
- Created structured and interactive frontend interfaces and used Git/GitHub for project management.
- Practiced web project deployment using GitHub Pages where applicable.

Technologies: HTML, CSS, JavaScript, Git, GitHub

PROBLEM SOLVING

- Practicing Data Structures & Algorithms using Java and solving array and fundamental algorithm problems.
- Strengthening Java fundamentals, Object-Oriented Programming and logical problem-solving skills.

ADDITIONAL DEVELOPMENT

Video Editing — Currently Learning: Developing practical editing skills and improving creative and visual communication.

CDS Aspirant — Ongoing Preparation: Preparing for the Combined Defence Services examination alongside B.Tech through a structured self-study routine focused on consistency, discipline and time management.

CORE STRENGTHS

Problem Solving • Self-Learning • Time Management • Discipline • Adaptability • Team Collaboration

AREAS OF INTEREST

Software Development • Web Development • Java • DSA • Full-Stack Development • Video Editing
